Our Mission:

Here, we aim to provide a summer day camp ministry where we have the chance to share the Gospel and disciple children as Jesus calls us to do. We hope to provide a welcoming place where children can know the love of Christ through the teaching and modeling of the Summer Day Camp Interns. All this in hopes that children will welcome Jesus into their heart.

Our Vision:

That the kids coming to Bethany's Summer Day Camp will feel welcomed the moment they come, and know it is a place they belong. Leaders will speak into the lives of every child, building the next generation. Each day of camp will be an opportunity to serve Christ as we reach out to the children; it will reach those who are lost, that don't have Jesus as their Savior, but it will also teach kids how to become more Christ-like. The kids that come to Bethany's Summer Day Camp will be taught Bible lessons and will have opportunity to apply it to their own life. This summer we hope to make lasting memories in the lives of the children that come to camp, that it will be a summer to remember and will have such an impact on them that they look forward to returning.

Core Values:

Christ Centered Our focus is to make disciples (Matthew 28) and bring truth into our community. Leaders have the responsibility to model a life committed to Jesus as they may be the only Christian influence this child has.

Relationship Discipleship happens in the context of relationships. Therefore, we place great value on team building activities and small groups in hopes that each leader and child will build lasting relationships where sharing of the Gospel can happen.

Quality God is honored through excellence and that is what we expect of our leaders here at camp. By being a model of Christ, each child should not only hear of the love of Christ, but be shown it as well.

Fun We hope that every child has fun here at camp. Though a simple word, children are made to have fun, to play hard, laugh a lot, and make friends. We value fun here at camp because children learn best in a fun-filled atmosphere. When children are motivated to learn, we are able to speak to them with words and actions that will last as memories for a lifetime.
